## HEALTH AND SAFETY POLICY STATEMENT

SEP Limited recognises and accepts its responsibility to provide a safe and healthy working environment for all employees. This responsibility extends to visitors, contractors and any other person who may be affected by the Company's activities.

So far as is reasonably practicable, we shall take all necessary steps in the light of the current regulatory environment, to ensure:

- A safe and healthy working environment.
- That work activities are governed by formalised safe systems of work, so as to protect employees and others affected by Company activities.
- That employees are provided with the necessary information, instruction, training and supervision they need to work safely and without risk to health or wellbeing.
- That individual responsibilities are understood and fulfilled.
- The development of a safety culture that is both understood and supported by all employees.
- That the SEP safety team is adequately resourced to operate effectively and fulfil its remit.

The Company has a responsibility to be aware of, and comply with, current statutory requirements, Codes of Practice<sup>1</sup> and guidance material issued by professional bodies<sup>2</sup>, whilst employees have a responsibility to read, understand and comply with published Health & Safety policies.

Our Health and Safety Policy is registered with the Contractor Health and Safety Assessment Scheme<sup>3</sup> (CHAS), demonstrating our commitment to ensuring the highest standards of Health & Safety are achieved and maintained.

At all levels of the Company we shall seek to continuously review and improve the standards of Health & Safety applied to our activities and operations.
